(Wondershare MirrorGo 1.9 Download For Windows 64 Bit.Last night's 2019 Game Awards gala was chock-full of weird and wonderful audience 'interactive' moments… 2019 is going to be the year of 'interactive' show experiences. Arriving at LA's Microsoft Theater last night, as I was heading in I spotted a preview of the 2019 Game Awards and noticed the host was going to have some sort of 'watch and play' segment. In fact, as soon as I noticed it I couldn't stop thinking about it. Game Awards has never been one to toot its own horn, so this would be a major surprise to see. Then I saw it… I don't know what it's like at Sony's Santa Monica campus – maybe it's just a trailer – but this thing we're about to see is massive and it looks super interesting. What's this thing? Well, it looks like it's a blackbox with walls that move in and out. Some sort of creative interactive? Who knows. And I don't even like the premise, but I love that we're gonna find out soon… We're not gonna hold our breath, mind. We're just happy to know anything is coming.
